OCRevolution:

When Proof Meets Purpose

Thursday, December 3, 2026
Al Baraha 1, Intercontinental Hotel Festival City
Dubai, United Arab Emirates

REGISTER TODAY
Limited seats available

Introduction

To outline the clinical value of early, sustained intervention with high-efficacy DMTs by examining Ocrevus's established long-term efficacy and safety profile in MS management, as well as to explore how Ocrevus SC streamlines treatment delivery and enhances the patient experience through peer-to-peer collaboration, utilizing real-world case presentations and expert panel discussions that translate clinical evidence into daily practice.

Target Audience

Neurologists and HCPs with interest in multiple sclerosis
